

## Configuring the iPad for Caterease Connect

This document will assist you in configuring your Apple iPad for use with Caterease Connect. Access to Caterease Connect via mobile devices is provided as a no-charge option and is not covered under the standard Caterease Connect Service Level Agreement.

1) Install the 'Citrix Receiver for iPad' from the iPad App Store

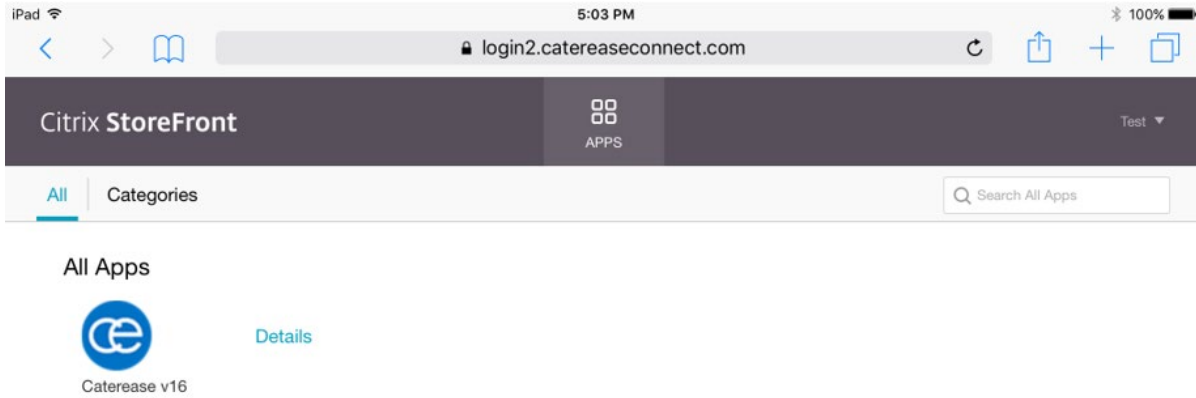

2) Launch **Safari**

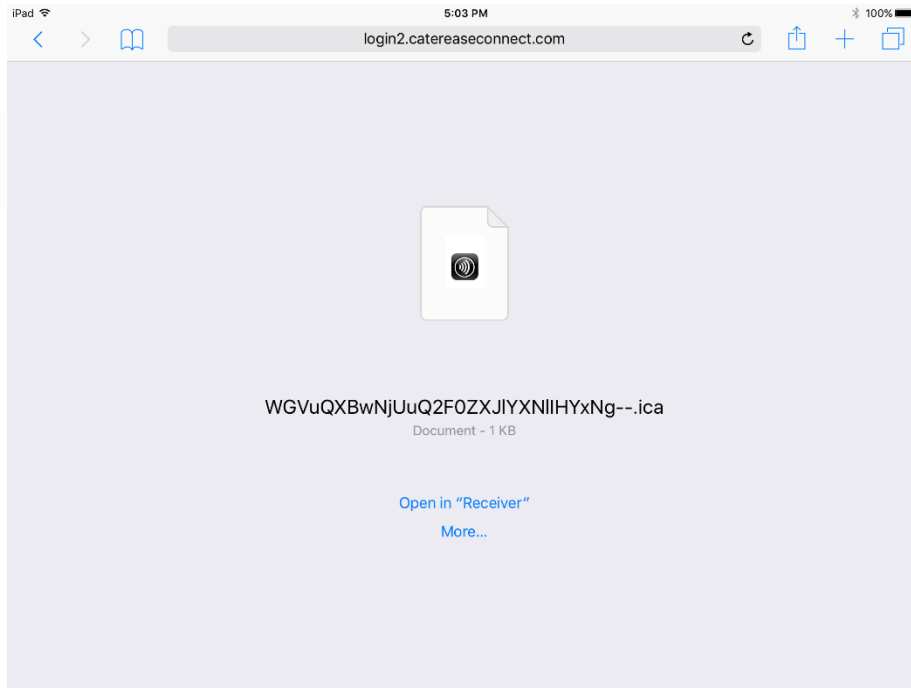

3) Type and browse to <https://login2.catereaseconnect.com> at the top of the screen

- 4) Your Username and Password will be your normal Caterease Connect login.
- 5) Tap the **Caterease** icon to open **Caterease Connect**

- 6) Tap **Open in "Receiver"**

- 7) The Citrix Receiver will begin to launch and open your Caterease program.  
**\*NOTE:** We recommend that you always launch and run Caterease in landscape mode.
