

Configuring the iPad for Caterease Connect

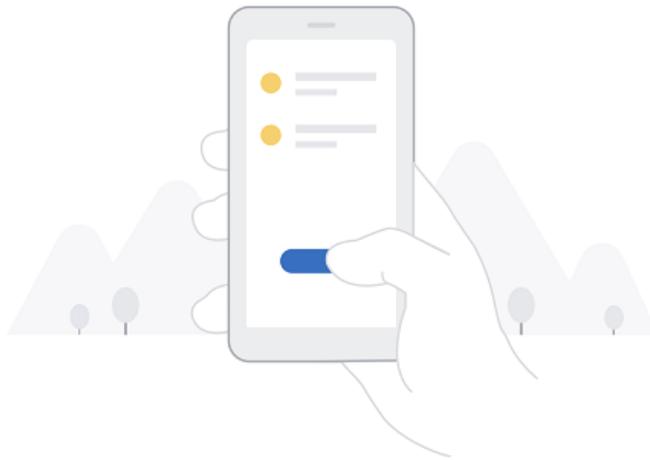

This document will assist you in configuring your Apple iPad for use with Caterease Connect. Access to Caterease Connect via mobile devices is provided as a no-charge option and is **NOT** covered under the standard Caterease connect Service Level Agreement.

- 1) Search for **Citrix** in the App Store and Download the App and then Open

2) Select *Get Started*

Citrix Workspace

Securely access your favorite apps
and services in one place and access
them anytime on any device

Get Started

Don't have an account? [Try the demo.](#)

3) Tap the button in the upper right-hand corner. Tap the 'Manual Setup' button.

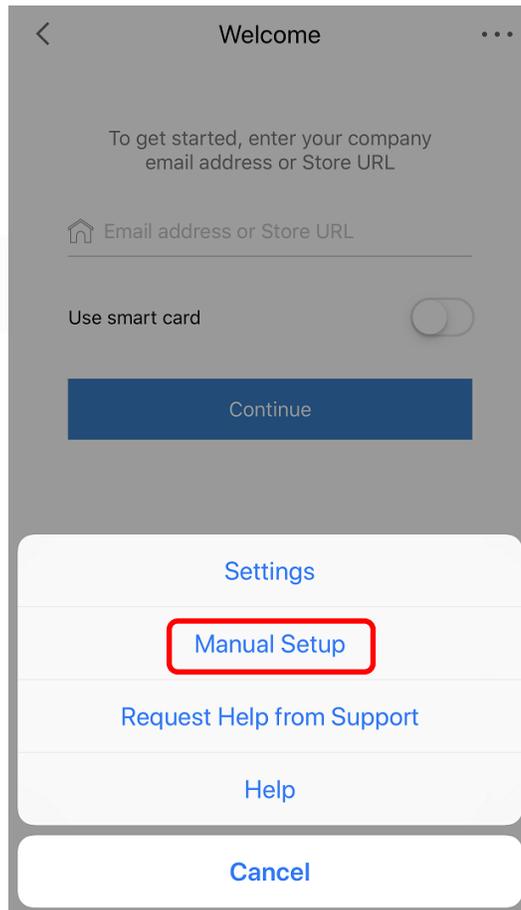

To get started, enter your company email address or Store URL

 Email address or Store URL

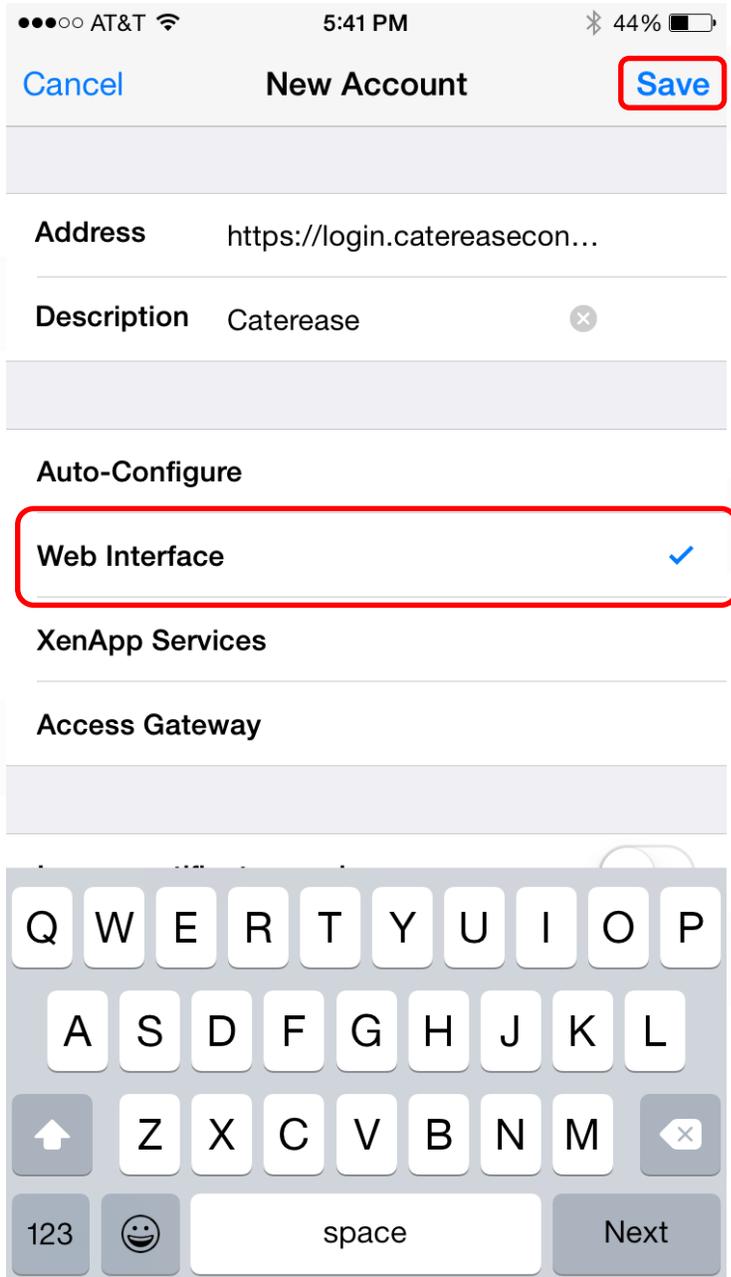

Use smart card

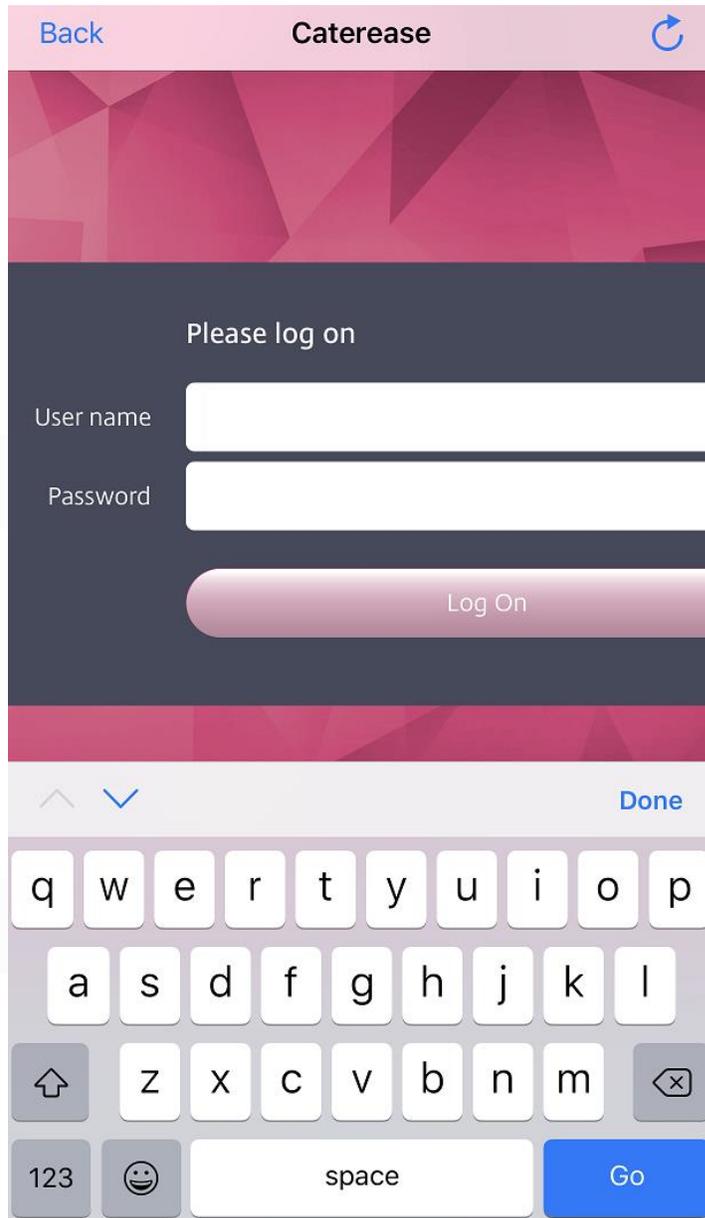

Continue

- 4) For the Address enter: <https://login.catereaseconnect.com>
- 5) In the **Description** field type **Caterease**.
- 6) Make sure the box for **Web Interface** is *checked*.
- 7) **Ignore certificate warnings** can remain off.
- 8) Click **“Save”** in the right corner.

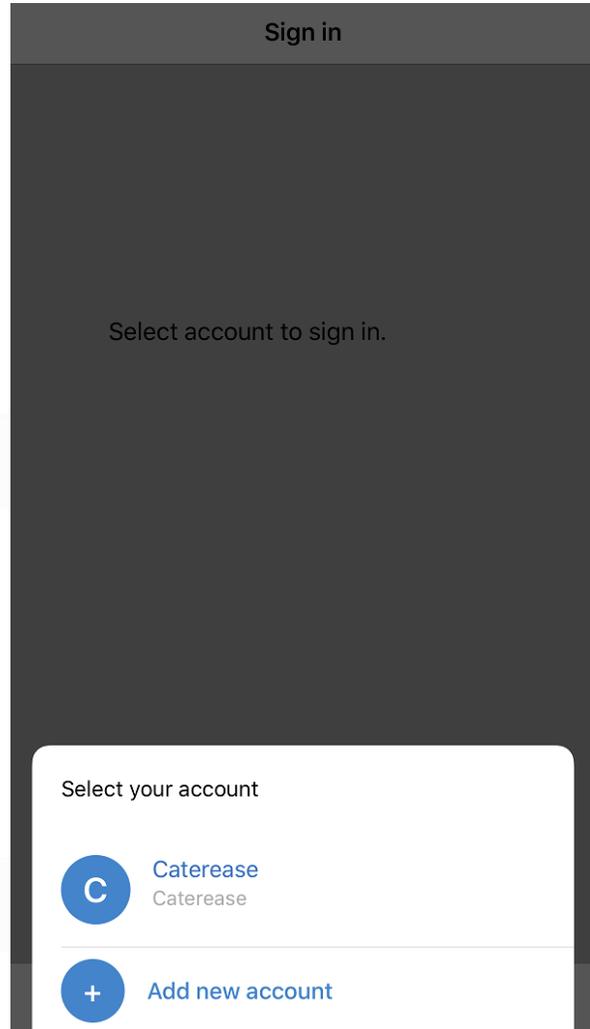

At this point the Citrix Receiver App should now be installed and configured for use on your iPhone. You will now be automatically sent to the Caterease Connect login screen.

1. Enter your Caterease Connect username and password then tap the **'Log On'** button.
2. After log on, tap the Caterease icon to start Caterease Connect.

To login again later after closing the App:

1. Open the Citrix Receiver App and tap the **Caterease** account
2. You should then be taken to the Login screen

*** Encountering Errors**

If for any reason you encounter an error, please retrace your steps and make sure that you have entered all settings exactly as they appear above – especially checking **'Web Interface'** (Step #6 above).
